Downtown, Central Village
& Broadway Corridor

7:15 pm

June 14th, 2018

Sleepy Hollow
Senior Center
55 Elm Street

The Village of Sleepy Hollow is kicking off a process to update its Comprehensive Plan and Local Waterfront Revitalization Plan (Waterfront Plan).

A **Comprehensive Plan** is a Village-wide foundation for future land use, capital budget, and general policy decisions in the Village.

A **Waterfront Plan** is a community-prepared document that prioritizes key policies and projects along the waterfront and in the harbor area.

Sleepy Hollow is updating these two plans together to create an inclusive, collaborative vision for the future of downtown, the waterfront, and residential neighborhoods.

Join us to share your ideas to make Sleepy Hollow an even better place. The Village wants your input about key challenges facing your community and opportunities to boost downtown, improve the waterfront, and preserve the character of the community.

In addition to the two upcoming public workshops, there will also be three more workshops in the fall (dates to be determined).
